WE ALSO OFFER ROADSIDE ASSISTANCE

Having roadside assistance ensures that you will receive help if your car breaks down. It can be used for practically any kind of vehicle, including fleets and company cars as well as autos, vans, and motorcycles.

There are many potential causes for your car to break down, including a flat tyre or battery. RA will send a mechanic to your vehicle to attempt a repair if you are at the side of the road or even at home. Our mechanic will get your car to one of our workshops for repairs if they can't fix it right away.

RA offers a Standard Membership option (35km radius from a VRZAM office) and a National Membership option (100km radius from a VRZAM office). Both options provide 24/7 help if your vehicle breaks down on the side of the road, your car will be examined by a mechanic who will attempt to fix it (flat tyre, emergency fuel or jump starting) and you will be towed to the closest VRZAM workshop if it can't be fixed right away.
